SOCRATES IT
SPONSORSHIP INFO

Unconference

It is a **participant-driven and interactive** meeting where coaches and developers gather to exchange and challenge ideas.

The **agenda is created by the attendees** at the beginning of the meeting. Anyone who wants to initiate a discussion can claim a time and a space.

Open-space

The event will be run as a **non-profit** and low-cost event. It will be much like a retreat. We will be there for 48 hours to **collaborate and share ideas** in a self-organized Open Space. There will be hands-on coding sessions, interactive talks, round tables, and lots more.
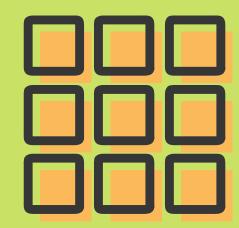

Software Craft

Not only working software, but also **well-crafted software.**

Not only responding to change, but also steadily **adding value**.

Not only individuals and interactions, but also a **community** of professionals.

Not only customer collaboration, but also **productive partnerships**.

Your sponsorship will help us to cover the following costs:
- **Conference's services**
- **Welcome and farewell drinks**
